

HAIDER BALOUCH

CAMERAMAN / EDITOR / FILMMAKER

ABOUT ME

A Creative storyteller with a camera in hand and a keen eye for detail. I'm skilled in operating a range of professional cameras, including Arri, Red, Panasonic, and Sony, ensuring the highest quality visuals in every project. As an entry level colorist, I work with DaVinci Resolve to bring out the best in every shot through precise color correction. From pre production to post-production, I'm involved in every stage, developing concepts, capturing compelling visuals, editing with tools like Premiere Pro and After Effects, and refining every detail. Whether it's branded content, podcasts, tech videos, or film sets, I aim to craft stories that resonate and bring each project to life with visuals that truly connect. I focus on telling stories that captivate, inspire, and leave a lasting impression.
